Understanding what makes people get along has always been a passion of mine. This led me not only to work with people in extreme life circumstances, such as prisoners and terminal patients, but also to complete a master's in Conflict Resolution. Life is also a great teacher, and I have lovingly learned many valuable lessons about resolving conflicts through my interactions with my young daughter, Irene. Throughout these experiences, I could not help but notice the universal truths that motivate people to get along. I utilize these truths to increase team effectiveness and personal wellbeing for people and companies.

I am a communication coach at IESE Business School. I also offer effective team-playing workshops, leadership coaching, keynote speeches, and event facilitation in English, Spanish and Portuguese to international brands including; eBay, Henkel, HP, King and PayPal.
